

Product Code: WA315GY

Luckinslive 438411504

Description: 100A 1 Pole 5 x 35mm<sup>2</sup> Connectable Link Box

General Information

|                                              |                                    |                  |
|----------------------------------------------|------------------------------------|------------------|
| Dimensions (mm)                              | 70 (W) x 51 (D) x 43 (H)           |                  |
| Colour                                       | Grey                               |                  |
| Materials                                    | Body: PBT                          | Terminals: Brass |
|                                              | Terminal Screws: Zinc Plated Steel |                  |
| Rated Insulation Voltage (V)                 | 690                                |                  |
| Inductive Load Rating (A)                    | 100                                |                  |
| Number Of Terminals                          | 5                                  |                  |
| Termination Type                             | Allen Key Screw                    |                  |
| Terminal Size (mm)                           | 3                                  |                  |
| Terminal Capacity - Solid (mm <sup>2</sup> ) | 2.5 to 35                          |                  |
| Ingress Protection                           | IP20                               |                  |
| Operational Temperature (°C)                 | -5 to +40                          |                  |
| Warranty (Years)                             | 10                                 |                  |

Standards EN 60998-1, EN 60998-2-1

Additional Information

For cleaning / polishing of products, use only a soft, dry, clean cloth.  
Ensure that the mains supply is isolated before commencing installation and refer to the circuit diagram with the relevant product.  
Bare earth cables must always be covered with appropriate sleeving and wired to the earth terminal.  
Tamper Proof Sealable.
